

# Disaster Prevention Simulation & Japanese Culture Study Tour

Photos from Disaster Prevention Center

**Disaster prevention simulation at Disaster Prevention Center**  
Fire, wind and flood damage, earthquake simulation. Let's study together so that we can respond without panic when a disaster occurs.

※Interpretation available only in English

**“Dazaifu Tenmangu” Shrine, which enshrines the god of learning**

It is a shrine that has been popular in Japan since ancient times. Let's learn about ways to protect cultural properties while looking at traditional wooden architecture.
